Lisa

We would be happy to get this on the schedule whenever we can make it happen. If we wait until next year, then we should probably look after mid-May to make sure the water is warmer just in case someone falls in...

Debbie

hey. as you can imagine, the fall is already over scheduled. could we do in the spring? we'd love to bring some key water staff with us, to educate them firsthand on scope of problem. sound OK?

Lisa

Cindy Zipf indicated that in a meeting Judith commented that she really enjoyed (if that is the right word) a kayak trip that highlighted NY CSOs. We would love to see if she would like to do a similar trip in NJ on the Passaic River – we have mapped one out, but I wanted to ping you first before we pursue. Thanks,  
Debbie
